FAMINE THREATENS PARTS OF RUSSIA

A Great Deal of Suffering is Likely to Result.

Russian Papers Criticize Secretary Taft's Trip—Arrangements For Receiving Peace Envoys.

THEY WILL MEET AUGUST 5.

Documents Seized by Officials.

Moscow, July 28.—The police visited the house of M. Golovin, president of the permanent bureau of Zemstvo organization for the Moscow district, presided at the recent all-Russian Zemstvo congress, and also the house of M. Bollner, the secretary of the bureau. They seized all documents relating to the proceedings of the congress.

Sore at St. Petersburg.

St. Petersburg, July 28.—The "Viedomosti" directs a sharp criticism of the visit of Secretary Taft and Miss Roosevelt to Japan and complains that the moment for the trip was tactlessly chosen. The paper adds that efforts to prove that the visit is devoid of political meaning are "childlike."

Famine Adds to Russia's Trials.

London, July 28.—The correspondent of the Exchange Telegraph Co., at St. Petersburg, wires that serious famine is spreading in the district immediately outside of St. Petersburg. Measures will be taken by the authorities to prevent the people living in this district from entering the city.

Persecution of Jews Increases.

Vienna, July 28.—Prominent Jews here are advised that the persecution of Jews in western Russia is spreading and that Jew baiters are being encouraged by the authorities. It is reported that thirty Jews were shot at Vilna, while army reserves lynched thirteen at Czesthau.

New Governor General.

Moscow, July 28.—As a result of the Zemstvo congress held here, Gen. Kosloff was relieved as governor general of Moscow. M. Durnovo, former president of the municipality of St. Petersburg is his successor, and the new governor is very popular with the people. He is a believer in the extension of self-government in Russia.

NO ONE KNOWS

Where President Roosevelt and His Family Are Spending the Day.

Oyster Bay, July 28.—President Roosevelt and his entire family are enjoying a picnic today at some point on the beach of the sound and not even the secret service men are included in party. It is said no one knows where the president is.

United States Gas, Coal and Coke Co. Said to Have Bought Wheatcroft Mines

Dixon, Ky., July 28.—It is believed the United States Gas, Coal and Coke Co., of New York, with extensive properties in Paducah and other points in southwest Kentucky, more commonly known as the trust and a concern in which J. Pierpont Morgan is one of the largest holders, is about to absorb the mining interests of I. H. Wheatcroft, the mine magnate at Wheatcroft, Webster county.

Mr. Wheatcroft denies that he has sold his interests at the little town which bears his name or has even given an option on the property, but nevertheless a well-founded rumor is floating about that a deal is on between the trust and Wheatcroft, whereby he will turn over the control of his valuable holdings to the New York concern.

The United States company has recently bought up thousands of dollars worth of coal mining property in Union county and has purchased the mineral rights in thousands of acres of land in Union and Webster counties. It is believed that the deal to take over the Wheatcroft property is but the part of the scheme of the con-

CHIEF QUILTS.

Another Man in Agricultural Department Resigns.

Washington, D. C., July 28.—The resignation of George T. Moore, chief physiologist of the department of agriculture, was tendered today and immediately accepted by Secretary Wilson. It was charged that Moore exploited "Nitroculture" soil fertilizer for his individual profit.

At a hearing yesterday at the department of agriculture at which Secretary Wilson, Assistant Secretary Hays, Prof. B. T. Galloway, chief of the bureau of plant industry, Geo. T. Moore of that bureau and two representatives of an agricultural paper were present, the two last named made charges that the wife of one of the scientists in the bureau of plant industry owned a block of stock in an eastern concern manufacturing "culture" for soil inoculation, while the scientist was preparing and revising bulletins regarding the enrichment of farms and portraying the culture as containing virulent forms of bacteria for making poor land rich. It was alleged that publications revised by the official tended to direct the farmers to a commercial concern supplying the material because of the exhaustion of the supply by the department.

MAP FINISHED.

And the City Will Now Ask for Bids for Putting Up Street Names.

Mr. Robert Richardson, draughtsman in the office of City Engineer L. A. Washington, today finished the map of Paducah for the purpose of advertising for bids for putting up street names and numbers, but the contract will not be advertised for a day or two on account of a delay in locating the corner houses and posts.

The map shows every corner where streets are to be named or numbered and the contractors know exactly how many signs to go up and the wording on each. Mr. Richardson will this afternoon or tomorrow make a tour of the district where the lettering is to be put up, and will complete his locations. This work was done by another man who failed to make a full report and Mr. Richardson had to do the work over.

FIREMAN LONG

Was Painfully Hurt by a Fall On His Engine.

R. H. Long, a fireman on a switch engine in the local I. C. yards, was injured last night while coaling the engine.

The engine was taken to the coal chute and Long went back to oversee the coaling. He accidentally stepped into a manhole in the engine, a hole where the water is poured into the tank, and his right hip was badly bruised.

He was taken to the I. C. hospital where medical attention was given him. His hip was not broken as reported, but the injury is severe and will lay the young man up for sometime.

MARCH TO SCAFFOLD WAS INTERRUPTED

Bluebeard Hoch Was Ready to Be Hanged.

When Friends Came to the Rescue With Money For an Appeal and Execution Was Deferred.

HIS BRAVADO IS REMARKABLE.

Chicago, Ill., July 28.—Johann Hoch, the convicted wife murderer, and multi-bigamist, will probably, after all, get a new lease of life. While the death procession was forming, Dr. Montgomery, a well-known physician, and Mrs. Mary Wilson, a woman of wealth, called at the jail, and announced that they had raised the money necessary to carry Hoch's appeal to the supreme court.

States Attorney Healy consented to a delay of the hanging, and said he would talk to the governor over the telephone.

When informed of what had occurred, Hoch smiled in a self-satisfied manner, called for a fresh cigar, and said, "This only proves my repeated contention that I'll not hang."

Hoch awoke at 7 o'clock this morning, ate breakfast and after breakfast called for a suit case in which to pack his effects. He then began to dress for death, the garb consisting of a black suit, black tie and white shirt.

Hoch was relieved this afternoon until August 25. When the governor was informed that money had been raised to carry the case to the supreme court, he said he would grant the reprieve if the statement was made in good faith. In the meantime several people called at the jail and made offers more or less bonafide. The governor finally granted the reprieve. The culmination of events leading up to the second stay of execution of this famous criminal was sensational.

HIGH HONORS

SOCIAL ATTENTIONS SHOWERED UPON AMERICANS.

Minister Griscom's At Fresco Affair Attended by Scores of Japanese Nobility.

Tokio, July 28.—Minister Griscom gave a garden party in honor of Secretary Taft yesterday afternoon. About 1,000 people were present, including Princes Fushimi, Sr., Fushim, Jr., and Kanin, Princesses Nashimoto, Higashi and Fushimi, the Elder Statesman, Premier Katsura, members of the cabinet and other high officials besides members of the American colony. Crowds surrounded the legation and watched the assemblage of the party.

Minister Griscom, with his wife and Miss Alice Roosevelt, received the party in an embowered conservatory on the lawn. Following the reception the party was amused by an entertainment consisting of fencing, conjuring and daylight fireworks. Refreshments were served under a large marquee.

Secretary Taft, Miss Roosevelt, Minister Griscom and the legation staff lunched with Prince Fushimi and a number of distinguished Japanese were present.

The bankers and merchants of Tokio entertained Secretary Taft and Miss Roosevelt at the Maple Club last night at a Japanese dinner, during which there was Geisha dancing. The club house was handsomely decorated and illuminated and American and Japanese flags crossed were displayed throughout the building. Shiba Park, surrounding the clubhouse, was illuminated and the driveways were thronged with crowds that cheered Miss Roosevelt and Secretary Taft as they arrived and departed from the club. The streets from the center of the capital were illuminated and there was a brilliant display of fireworks in honor of the Americans. The popular demonstrations shown the visitors have been the most remarkable ever shown foreigners.

1,000 A CLIP
Is the Way They Arrested Revelers in Iowa.

Burlington, Iowa., July 28.—Nearly 1,000 negroes, while holding an annual convention, were arrested last night for violating the mulatto liquor law. The park management had failed to secure a license. Bonds were furnished and the picketers were released.

SECOND TO LARGEST IN WHOLE WORLD

Is This Coal Combine Just Organized.

Takes in a Great Many Mines in Ohio and West Virginia and Employs 16,000 Men.

PROPERTY WORTH \$50,000,000

Columbus, O., July 28.—Coal, railroad and dock properties conservatively estimated to be worth \$50,000,000, in which Columbus capitalists are largely interested, were combined into one company at a meeting held in New York, according to advices from the metropolis.

It will be the second largest coal corporation in the world and be known as the Sunday Creek company, taking its name from one of the coal producing concerns included, the Sunday Creek Coal company.

Seven coal corporations, owning properties scattered throughout Ohio and West Virginia and employing in the neighborhood of 16,000 men, are now to operate under one directorate and set of officers.

The headquarters of the big corporation will be in the Outlook building and its destinies directed by John H. Winder, who was elected president and general manager.

The companies included in the consolidation, which are now a part of the Sunday Creek company are: Sunday Creek Coal company, Buckeye Coal and Railway company, Ohio Land and Railway company, Continental Coal company, Kanawha and Hocking Coal and Coke company, St. Paul and Western Coal company and Boston Coal, Dock and Wharf company.

Mrs. John Austin Dead.

Mrs. John Austin, wife of the patrol driver, died this afternoon at 2 o'clock, following an operation for cancer. Mrs. Austin had been ill for several months, and as a last resort the operation was decided on.

The deceased was a Christian woman of many virtues, and had many friends who will be deeply grieved to learn of her death.

The deceased was 37 years old, a sister of Mrs. Charles Holliday, and leaves a husband and four children. No funeral arrangements have been made.

Union City Marriages.

Union City, Tenn., July 28.—Owen McCullough and Miss Bertha Callahan, two of Union City's highly respected young people, were united in marriage last night.

Ed Kirkland one of Union City's prosperous and popular young business men, and Miss Rossie Turner, one of the county's fairest young ladies, were also united in marriage yesterday.

With some people the entertainment of an idea, is an intellectual feast.

THIEF CAUGHT RED-HANDED

Will McClelland Broke Into Two Houses Early Yesterday.

This Morning He Made a Desperate Attempt to Escape From the City Hall.

THREE CHARGES AGAINST HIM

William McClelland, a negro boy about 15 years old, this morning developed into a criminal of the most daring type, but is now safely lodged behind prison bars with two cases of housebreaking pending against him, to say nothing of one charge of carrying a concealed weapon.

The boy lives at 521 Campbell street, and was caught red-handed last night. It later developed that he had just broken into another house a short time before being caught and had concealed on him a pistol. This morning, to cap the climax, the young desperado made a bold dash for liberty as he was being brought up from the city jail to the court room, and with a pistol ball singing about his head ran only the faster, but the police finally outstripped him and landed the boy again.

McClelland last night about 7 o'clock went to the residence of Mrs. Emma Rehkopf at Fifth and Monroe and entered the servants quarters in the rear of the house, stealing a pistol belonging to Annie Morton, a servant.

After leaving the Rehkopf residence the boy went to the residence of Mr. J. S. Baker, formerly the L. W. Boswell home, on Fifth street, between Madison and Harrison streets, and entering the room of Hattie Hord a colored servant, began to ransack her trunk. The woman heard a noise in her room and going in found the boy standing over her trunk examining several gold rings.

She grabbed up a stick to strike him but the boy was too quick. He jumped out of a window and scaling the fence tried to make his escape. It happened, however, that a negro man was standing in the alley and when the boy tumbled over, he fell into the arms of the man who held him and later delivered him to Officers Johnson and Rogers.

A search of his person revealed the pistol taken at the Rehkopf residence and the rings taken from the Hord woman's trunk. He had broken out a screen in effecting entrance to the latter's residence.

The boy was taken to the city hall where two separate charges of housebreaking were lodged, and also one of carrying a weapon concealed on his person.

The latter charge was entered on the police court docket this morning and while City Jailer Tom Evitts was bringing up the prisoners from the lockup, the McClelland boy made a bold dash for liberty.

He ran out of the city hall by way of the fourth street steps and started south on Fourth street. Officers Thad Terrell, E. A. Cross and Gus Rogers took after him. Officer Terrell secured an express wagon while Officer Cross went around to Fifth and Court to head the negro off in case he turned back towards Broadway.

Officer Rogers whipped out his pistol and shot into the air but this only spurred the negro on and soon he vanished from sight of the officers.

A big crowd collected at the corner of Fourth and Kentucky avenue and soon boys, men and women were running in all directions to see the chase. Mr. I. D. Wilcox, who was coming down Kentucky avenue towards Fifth street saw the running boy and then saw the police come tearing around the corner. He realized something was up and headed the boy off.

McClelland then changed his course and started towards Broadway on Fifth street. At the John Orme residence he turned and tried to scale the fence. Officer Cross wheeled about the corner at this juncture and just as the boy was on top of the fence starting to jump over, the officer drew back his club as if to strike and the fugitive fell back onto the pavement and the officer nabbed him.

He was taken to the city hall and

locked up, later being removed to the jail, and in the future will be closely guarded.

Officer Cross, when he started after the fleeing form, slipped up on the city hall steps and injured his right hand slightly.

The warrants for housebreaking were not issued until after court this morning and the cases will be tried together, probably tomorrow.

FIGHTING HARD

TO CONQUER YELLOW JACK IN NEW ORLEANS.

It is Believed the Disease Will Be Stamped Out Before the First Frost.

New Orleans, La., July 28.—The state board of health today decided to quarantine the state of Louisiana against New Orleans. Two suspicious cases of fever are reported today. All the steamboats in the river are being fumigated to kill mosquitoes.

Fighting the Fever Hard.

New Orleans, La., July 28.—All the forces engaged in the battle against the yellow fever scourge join in expressing the belief that while the situation has been and is serious enough, success has already been received in the application of the methods as a result of the work of the Reed commission in Cuba to the hope that for the first time in the history of the country, the yellow fever will be stamped out before frost comes.

With the cases reported yesterday the aggregate since July 13 runs close to two hundred.

Nearly all are Italians. These people are notoriously prone to avoid physicians and it was owing to this fact that the fever got a foothold in the district occupied by the Italians before it became known to the authorities.

A great cleaning campaign has been inaugurated. Every ward is being thoroughly organized with precinct organizations radiating from the major body.

Detention camps, established by the marine hospital service in order to enable persons to leave the city who want to get into sections quarantined against New Orleans, were opened yesterday.

Every passenger is examined and tickets of through passengers scrutinized to prevent anyone attempting to get into the state by surreptitious means.

New Orleans, July 28.—The authorities are very sanguine over the fever condition. The cleaning movement is already doing good and it is believed that the plague will be stamped out before frost sets in this fall.

Yellow Fever at Panama.

Washington, July 28.—Three deaths from yellow fever on the Isthmus of Panama are reported today by Governor Magoon, one victim is from Pittsburg and the other from Kenova, W. Va.

60,000 MEN

May Be Thrown Out by Big Glass Makers Strike.

Atlantic City, N. J., July 28.—From the deadlock between the committees of the Window Glass Manufacturing association and the Amalgamated Window Glass Blowers it looks as though a strike would be ordered, throwing out 60,000 men and laying up the plants of the country. The issue is on the apprentice system.

SUCH MODEST DEMANDS.

China Wants \$100,000,000 for Damage Done By Armies.

Washington, D. C., July 28.—China will, it is reported, demand an indemnity of a hundred million dollars for the damage done by the belligerents in Manchuria, through the destruction of crops, burning villages and other losses incurred by the Chinese during the time the province has been the battlefield of the Japanese-Russian forces.

If a girl refuses a young man's proposal he thinks she doesn't know her mind, so he doesn't mind her no. A woman is as old as she looks, but every woman imagines she is the exception that proves the rule.

SWIFT DEATH CAME DURING SLUMBER

Duke Blackwell, a Native of Livingston, Died Here.

Had Recently Received a Big Pension Remittance and Had Been Drinking Heavily of Late.

THE JURY SAID HEART DISEASE.

D. W. Blackwell, aged 62, died suddenly this morning about 4 o'clock at his home 1012 South Fifth street. He was last seen alive about midnight, and did not appear to be ill. He is said to have been a heavy drinker, however, and the coroner's jury decided that he died from heart failure superinduced by excessive drinking.

Mr. Blackwell was sleeping with a nephew, who about 4 o'clock this morning felt his companion roll heavily against him. He was aroused and when he looked at Mr. Blackwell, it was just in time to see him sneeze three times and expire.

The deceased was a native of Livingston county, and had lived with relatives for about two years. He had no regular employment, but drew a pension. He leaves several grown children.

Coroner James Crow held an inquest about 9 o'clock this morning, and the verdict was as follows:

"We, the jury, after hearing the testimony of witnesses find that D. W. Blackwell, whose body lies before us, came to his death by heart failure, caused by excessive drink."

FRED HOYER,
G. W. JONES,
FRANK TURNER,
JOHN OZMENT,
TOM ENGLERT,
H. B. ODUM."

It is understood that the deceased had not been drinking for several years until recently, when he received about \$2,000 back pay from the government on a pension. He was father of Will Blackwell, a crippled man who formerly lived here, and among his other children is a daughter here, Mrs. Walter Wise, with whom he made his home.

The remains are to be taken to Livingston county for burial.

BISHOP JOYCE

Died at Minneapolis, Minnesota, From Paralysis.

Minneapolis, Minn., July 28.—Bishop Isaac W. Joyce, Methodist bishop of Minnesota, died at 1:20 o'clock this morning (Friday) as a result of cerebral hemorrhage and a consequent attack of paralysis, which he sustained while delivering a sermon at the Red Rock, Minn., camp meeting on July 2.

Bishop Joyce came to Minnesota six years ago. Previous to that time he had been presiding bishop of the Methodist Missionary field work in Chili and Japan. Before going abroad he was a pastor at Chattanooga, Tenn., for four years and was at Cincinnati, Ohio, six years.

Bishop Joyce was sixty-nine years old. He is survived by a wife and one son, Col. Frank M. Joyce of this city.

DARING HOLD UP MEN

Shot the Conductor and Took Possession of a Street Car.

Chicago, July 28.—Four robbers boarded a Halstead street car at 74th street early this morning and fatally shot Conductor Harbor. After searching his pockets and robbing the passengers they fled firing as they ran. Several shots broke windows of the car, endangering the lives of those within.

MANY MEET DEATH IN EXPRESS WRECK

Twenty-three Persons Killed in
the Crash.

The Wreckage Caught Fire and Many
Bodies Were Burned Beyond
Identification.

THE SCENES WERE HORRIBLE.

Liverpool July 28.—An electric
express train on the Lancashire &
Yorkshire railroad bound down from
Liverpool to Southport collided last
evening with an empty stationary
train at Hall Road Station, causing
the death of twenty-three persons and
the injury of many.

The express was smashed, and only
six of its occupants escaped.

Almost immediately after the
crash the wreckage burst into flames
and added to the horror by cremating
many of the victims. The mangled
bodies of the dead and the cries of
the injured vainly beseeching that
they be extricated from the burning
wreckage formed a terrible scene
and many women on the platform
fainted.

The victims included men, women
and children.

ASK A RECEIVER FOR EQUITABLE

Policy Holders File an Amended
Bill in Albany, N. Y.

Claim Funds Have Been Grossly Mis-
managed—Report of Equitable
For Six Months Out.

IT SHOWS A GOOD INCREASE.

New York, July 28.—In the form
of an amended complaint to the bill
filed last April, suit was begun today
in the United States circuit court to
throw the entire \$421,000,000, the
assets of the Equitable Life Assur-
ance Society into the hands of re-
ceivers, who shall "take possession
of all funds, assets and property held
by the defendant society of every
character and description and admin-
ister the same as they may be di-
rected by the courts."

More than forty policy holders in
the Equitable, representing a dozen
different states, are included as com-
plainants in the present suit.

The amended bill alleges that the
society has been guilty of misman-
agement in syndicate transactions
that "unreasonable and excessive
salaries have been paid;" and that
"large sums of money, ranging from
\$20,000 to \$37,000,000 belonging to
said assurance funds of the society,
were allowed by it, to remain unin-
vested, on deposit in banks and trust
companies, without adequate inter-
ests in many of which banks and
trust companies the said officers and
directors of the society or many of
them were large stockholders for the
purpose of securing pecuniary bene-
fit to such officers and directors in-
dividually, and such undue and unre-
asonable cash balances have existed
since at least the year 1900."

The complaint goes on: "Life as-
surance funds held by the society,
have been fraudulently and neglect-
fully, and are being wasted and mis-
managed, and lost to the extent of
many million dollars; it is without a
legally chosen board of directors
and the real value of the property
held by it is unknown and specula-
tive."

The Equitable Society's income
for the first six months of 1905 was
\$38,799,138, an increase of \$2,386,-
816 over the corresponding six
months last year, according to the
statement just submitted to the
board of directors.

The number of policies issued the
first six months in 1904, was 65,592,
assuring \$166,129,321.

The first six months in 1905 the
number was 61,038, assuring \$150,-
706,99.

The number of policies that termi-
nated in the first six months of 1904
was 36,144, assuring \$100,278,199.
In the first six months in 1905, 42,-
123, assuring \$119,815,146.

The assurance in force December
31, 1904, was \$1,495,452,892; on
June 30, 1905, \$1,526,434,739. An
increase in assurance in force during
the last six months of \$31,941,847.

Another Company Under Fire.

Albany, N. Y., July 28.—Conceal-
ment of judgments against the com-
pany amounting to \$182,767, exag-
geration of its surplus by over \$30,-
000 and a fixed policy of delay in set-
tling claims, are some of the charges
made against the Mutual Reserve
Life Insurance company by Chief
Examiner Isaac Vanderpool in his
report submitted to State Superin-
tendent of Insurance Hendricks, and
made public by him. The examination
was begun last December and
covers a period back to 1899. The
company has quarters in New York
City, and claims assets of between
five and six millions.

Examiner Vanderpool says that
the management of the company
made no mention of these judgments
in the item of liabilities reported for
the year 1904.

THIS is the season of clearance sales---when you make money and we get room for in-
coming stocks. Right now these sales are timely, coming as they do when you will
have, at the best calculation, ten more weeks of summer weather; when you are planning
your summer outings and your supply of summer apparel is running down.

We have put on clearance sales in very near every department and lucky indeed
is the man who has waited for them. He will find plenty of good selections in every de-
partment. We are giving ONE-FOURTH OFF on three-piece suits, two-piece suits,
children's clothing and furnishings of ever kind, hats, low shoes, trousers and shirts. In
fact the inducements we offer are very great, and we appreciate the liberal response of the
men of Paducah, and feel that our interests are mutual.

We Are Making Great Reductions on Every- thing in Our Children's Department Now

Our rapidly growing Children's Department demands that
we give it more space and it will be turned over to the contractors
in a few days. Before doing so, however, we must clear out the
greatest part of the stocks, and to do so are making great reductions
on all Children's Clothing, Hats, Caps, Underwear, Shoes, Shirts,
Furnishings, etc. It is a great opportunity to prepare your boys for
school opening, which is only about six weeks off, and just lots of
people are doing that very thing. You will save enough on your
boy's outfit to pay for his new books.

We have reduced the prices on all Summer Hats ONE-
FOURTH, or 25 per cent. There are any number of attractive
hats in Panamas and straws left. Get one for next summer.

All Low Shoes have been reduced ONE-FOURTH. In
fact one-fourth is the magic word that moves things in this store
now, preparatory to fall arrivals.

One-Fourth Off on Two-Piece Suits Now as Well as on All 3-Piece Suits

Our Two-Piece Suits have joined our other offerings
now, and are going at ONE-FOURTH OFF. We have
some splendid ones in this popular suit--some late ar-
rivals, in grays and all the popular shades this season.
There is just lots of wear ahead of you for them, too,
and the man is indeed wise who takes one at these prices.

Our Three-Piece sale, ONE-FOURTH OFF, is at-
tracting more attention than usual this season. Any
number of our patrons are buying them for early fall and
winter wear, and thus showing their wisdom. While we
did the biggest business we have ever done this season,
we still have some rare offerings in these suits, and at
these prices they are certain not to last long.

Trousers One-Fourth Off

The trouser stock has joined the
others -- CUT ONE-FOURTH.
An old suit can be made to look
like a new one with the addition of
a pair of new trousers, and some-
times its great economy to make
that addition.

This week we have put a cut of
one-fourth on every pair of trousers
in the house, and the mere an-
nouncement will make the remain-
ing stock melt like autumn dew
under the sun's rays.

A Special for the Ladies on Collars

We put on sale next week ladies' em-

Daily Thought.

The knowledge that will hold good in working hold thou to that.—Carlyle.

CLEANLINESS BRINGS GOOD HEALTH.

Louisville, as well as many other cities, finds in the outbreak of yellow fever in New Orleans a whole, some lesson, and a potent argument in favor of a clean city. The Post urges immediate action to clean up. Its suggestions for Louisville would be just as good for Paducah, and with a hope that they may be considered here, the following is republished from the Post:

"The situation in New Orleans is not such as to cause any alarm. It is to be considered, moreover, as furnishing an opportunity to test the efficacy of the modern treatment of yellow fever, based upon the idea of isolation. The progress of the outbreak will be watched not only in the south, but throughout the world. It will have a scientific interest, and through observation scientific men will contribute much, no doubt, to the sum total of medical knowledge.

"Another benefit will be that every city in the south will realize that the prevalence of yellow fever in New Orleans is an order imperative for the cleaning of every street and alley from the Ohio river to the Gulf.

"Let us trust that this order will be heeded here now. Our commercial bodies ought not to wait until September to visit the mayor and ask that steps be taken for the cleaning of the city. Louisville has been dirtier, no doubt, the streets of Louisville have not, in recent years, been so greatly neglected. Fortunately we have had heavy rains, that have cleaned the gutters and flushed the sewers, but these are mere temporary benefits.

"What we want is a systematic method of cleaning and watering the streets of Louisville. The water company, the street car company and the city authorities should be brought into proper relation and all the resources of Louisville be used at once, putting the health of Louisville above question. There is no danger here from yellow fever, but there is always danger here from typhoid fever, from malarial fever, from diseases of the eye, nose and throat, most of which can be traced to conditions of the streets that should not be tolerated."

JUDGE NUNN'S TOUR.

Disquieted profoundly is the Frank fort machine over the announcement that Judge Nunn, of the appellate court, is to make a tour of his large,

important and populous district, says the Louisville Herald. No superabundant admiration for the machine has the Hon. T. J. Nunn. It is, besides, rumored that a busy gubernatorial bee is buzzing in his Panama. No gubernatorial bee has, in machine thought, a right to live, move, have being or buzz, save the bee that gives welcome serenade day after day to the Hon. Samuel Wilbur Hager.

Why this tour on the part of Judge Nunn? It does, indeed, look, on the face of it, like a fence-erecting visit. Legislators and county officers are this year to be elected. These will have much to do with the make-up and complexion of the party organization, which will have potent share in awarding the next gubernatorial nomination in Kentucky. The First Appellate district is the stronghold of democracy in Kentucky.

Judge Parker's plurality in the state was 11,893. The First Appellate district gave the following pluralities:

For Parker:—Ballard, 1,032; Carlisle, 940; Calloway, 1,642; Fulton, 999; Graves, 3,320; Hickman, 978; Hopkins, 299; Henderson, 1,148; Livingston, 421; Lyon, 150; McCracken, 419; Marshall, 667; Union, 1,462; Webster, 681. Total 14,158.

For Roosevelt—Caldwell, 186; Crittenden, 483; Christian, 1,189; Trigg, 115. Total 1,973.

Thus Judge Parker's net plurality in the First Appellate district was 12,185, or 292 more than his entire plurality in the state. The First Appellate district is, then, democracy's stronghold. Its voice must command respect in the next state convention. In a primary it might inflict a lethal blow on Judge Hager's ambitions.

We can understand the alarm of the machine. It is the kind felt by the glassware man with a Texas steer ready to examine his goods.

A great deal is being said about the government crop reports and their inaccuracy. The government probably does as well as can be done. No report can be absolutely correct, because if the exact figures for this great country could be estimated based on conditions existing for any given day, week or month, these figures might still be considerably altered by subsequent meteorological conditions, the ravages of insects, etc. But another drawback is the disposition of many growers to underestimate crops for the purpose of bulking the market. The government may be wrong sometimes, but its reports are still the safest to rely on.

It is suspected by the people of the state, from recent disclosures, that some of the revenue agents have been enjoying a nice graft. The only thing that remains to be done is for the state administration to uncover the rascality, if there has been any. Every person or firm that has made a settlement out of court should report it to the auditor, and in this way it can be determined to what extent people have been imposed on.

The names of streets should be conspicuously posted all over the city, but if the money cannot be spared now for all of them, as many of the signs as possible should be put up. Paducah is too much of a city to have it said by the hundreds of strangers who come here that there is no way to get your bearings except by inquiring of someone you meet. The quicker the work is started the better.

Japan's being a hero in the eyes of the world will not, it appears, pre-

vent her gouging Russia all along the line. It is obvious her terms of peace will cause Russia to smart for many a year to come.

BAD NEGROES

ARE UNDER ARREST AT FULTON, KY.

One Robbed a Dying Man—The Others Had Money and Jewelry.

Fulton, Ky., July 23.—Clarence McMurray, an ex-convict negro, of Fulton and Arthur Body, a negro of Mayfield, are under arrest here. They are the two negroes that held up and robbed a traveling salesman at Bardwell of \$15 and a gold watch last week.

Arthur Boyd also stole a watch from William Clark, while the negro was dying at Bardwell a few days ago. It is believed that the negroes are members of the gang of desperadoes which has been robbing people and houses throughout Western Kentucky for several weeks.

Special Officers Leander Robertson and W. J. Hanlon, of the I. C., have also arrested two negroes on top of a baggage car that arrived from Memphis. When searched, one of the negroes had \$68 in cash, a fine diamond ring valued at about \$180 and a baggage check for a trunk to Chicago. The case looked suspicious and the officers are holding the negroes until they can communicate with Memphis.

The truth of the matter, when sifted down to the facts, will no doubt reveal that a dastardly crime has been committed and the two mulatto negroes made an effort to escape the Fulton officers by riding out on top of the train. No one will take such desperate chances on the top of a passenger train to get over the road with a pocket full of money and a fine \$180 diamond ring.

The negroes gave their names as Howard Knox and Samuel Franklin.

Petition in Bankruptcy.

Early B. Mooney, a railroad man of the city, today filed a petition in bankruptcy giving liabilities to the amount of \$268 with no assets.

Evitts' Writ Tomorrow.

Circuit Judge W. M. Reed will tomorrow morning at 9 o'clock hear arguments on dissolving the temporary writ of prohibition in the T. J. Evitts' case. The arguments may be quite lengthy, but it is the general prediction of attorneys that the whole thing will be promptly set aside by Judge Reed and the board of aldermen be authorized to proceed with the trial.

Held for Bootlegging.

Deputy U. S. Marshal George W. Saunders arrived yesterday afternoon with Ev Kennedy, white, of Fulton, charged with bootlegging. The prisoner was given an examining trial before U. S. Commissioner W. A. Gardner and held in the sum of \$300, which he gave. Deputy Marshal Saunders left for other points in Southwest Kentucky late yesterday on official business.

Suspects Breach of Hospitality.

Mr. James Woolridge, who resides near the city on a road running from the Mayfield to the Broadway road, has reported a theft which may shortly get into the courts. Sunday four girls were driving by when the rain storm came up, and they asked permission to come in out of the rain, which was cheerfully granted. Monday a pocketbook containing about \$5 was missed, and it was then learned that one of the girls had gone into the house and been seen rummaging about in a dresser drawer. When one of the children asked her what she was doing she said, "looking for a comb." Mr. Woolridge does not know where the purse went, but states that he has ascertained the names of the girls, and will probably have one of them questioned by the police if the property is not returned.

MULES BALKED

And Caused Trouble Which Will Wind Up in the Courts.

Frank Hovekamp and John Garner, two young men of the Tyler neighborhood, were arrested this morning and released on bond for a breach of the peace. The two young men were preparing to drive a wagon into the Palmer house alley. They had two young mules which balked at the water standing in the street. The mules backed into several buggies that had been left in the street by the livery stable people, but did no damage to them. A negro employed in the Terrell stables took exception to the act and began abusing the young men, who got off their wagon and chased the darkey into the stable. It is said that the young men will procure warrants against the livery people for permitting buggies and wagons to stand in and obstruct the street.

Mr. Holland Mason and Mr. Elmore Chapman, of Folsomdale, Ky., are in town.

SHOOTING AT BOAZ

FARMER DIDN'T HEED WARNING OF A MERCHANT.

Attentions to Merchant's Wife Too Marked and the Farmer Got a Load of Shot.

James Jackson, a farmer residing at Boaz Station, was shot in the right cheek by J. B. Newman, a merchant who runs a general merchandise store at Boaz Station, Wednesday evening at 7 o'clock with a shotgun. The shooting started over domestic trouble. It is said, and Jackson will recover.

Newman claims that Jackson had been coming to his house and showing too marked attentions to his wife. He had asked him to keep away but his appeals did not seem to have been heeded.

Wednesday Newman procured a gun. Jackson came to the store and hot words followed. Jackson tried to grab the gun but Newman pulled the trigger and caught Jackson in the right side of the face.

The shot made a terrible wound, but Jackson will recover unless blood poison sets in.

Newman is still running his store, no attempt being made to prosecute him. He offered to give himself up to the sheriff, it is said, but the sheriff having no warrant or receiving no complaint, let him remain at his home. Both are prominently connected.

People and Pleasant Events

Paducah Man an Usher.

Water Valley, Miss., July 28.—Yesterday afternoon at 5:45 o'clock the First Presbyterian church was the scene of a beautiful wedding uniting Wm Albert Taylor and Miss Ruby Isabelle Whitson, both of this city. Rev. J. E. Hobson officiating. The bride was tastefully gowned in blue chiffon taffeta and carried a shower bouquet of white carnations and lilies of the valley. The maid of honor, Miss Alice Whitson, sister of the bride, wore green crepe de chine, with real lace trimmings. Zach Jennings of Sumner was best man and the ushers were Hugh Badley, A. D. Caulfield, Stanley Metcalf of Water Valley and J. H. Trent, of Paducah, Ky. Mrs. Charles Anderson was the musician. The church was artistically decorated, the color scheme being red and green. Mrs. Taylor is the eldest daughter of Dr. and Mrs. J. M. Whitson and is a favorite with all. Mr. Taylor is a popular railroad official of this city.

Pleasant Family Reunion.

E. M. Lowry and family held a Lowry reunion last Sunday which was largely attended by the family and family connection.

Among those present were Mrs. Ora Lowry-Eccles and little son Clay of St. Louis; Mr. and Mrs. John Parkman, of Paducah, also Clifford Blackburn and Miss Audrey Taylor, of Paducah; Fred Lowry, of West Frankfort, Ill.; Mrs. Chas. Sisney and son George of Marion, R. K. Lowry and family, Metropolis; Miss Doy Lowry, of Dixon, Tenn.; Miss Maud Lowry also came home from an extended visit in Marion and St. Louis.—Metropolis Herald.

Mr. Overton Brooks Back.

Mr. Overton Brooks, who is studying medicine in Chicago, is in the city to spend his vacation with his father, Dr. J. G. Brooks. Mr. Brooks is one of the brightest and most energetic young students in the Chicago University, and is at the head of every progressive move among the students in the university. He has but a short time longer to go until he gets his diploma and his many friends here will be pleased to learn of his remarkable and praiseworthy progress.

Popular Drummer Still Ill.

Charles James was brought home from Kentucky Thursday at noon. He was taken ill over a week ago while out on a trip through Kentucky as salesman and has been confined since. It was thought that he had an attack of appendicitis, but there is now doubt as to just what is the matter with him. It is said that he has symptoms of kidney trouble and he was brought home to have local doctors diagnose his case.—Evansville Journal-News.

Mr. George O. Hart returned from Mayfield this morning.

Mr. G. F. Buchanan left today for a few days' fishing trip at Kuttawa, Ky.

Mr. R. G. Martin, of Columbus, Tenn., who has been visiting Mr. James Langstaff on Kentucky avenue, went to Henderson, Ky., this morning on business.

Mrs. Minnie D. Perkins, of Eldorado, Ill., who has been visiting Mrs. Richard Callisi, went to Dawson at noon today.

Mrs. M. K. Scott went to Dawson this morning for a few days.

Mrs. Annabell Sebree returns tonight from Dawson.

Dr. and Mrs. J. E. Woelfe have returned from Grand Chain, Ill., after a short visit to friends and relatives.

Mr. W. McCabe and bride returned today from a trip to New Orleans, Arizona and other places, and tomorrow go to Cincinnati for a brief stay. Mr. McCabe had a position offered him in Tucson, Ariz., but it is understood he likes Kentucky best and will remain in Paducah.

A Slick One.

Union City, Tenn., July 28.—A man was sent from Chicago by the Illinois Central railroad to take the place temporarily of the night man at Paducah Junction, who wished to take a rest. Wednesday night the stranger from the Windy City robbed the office safe of \$80 and a couple of pistols and left over the Nashville, Chattanooga and St. Louis railway. It is learned here that the fleeing robber changed clothes in Fulton, leaving his old suit behind.

—Today has been very sultry, although the temperature will probably not go above ninety.

SOUTHERN LEAGUE PERHAPS NEXT YEAR

Already Decided Paducah Will Not Go Into It This Year.

Members of Local Association Doubt if Paducah Could Make Good in the Southern.

PATRONAGE HERE TOO SMALL.

A member of the Paducah Baseball Association stated this morning that a letter had been forwarded to him from Mr. John Keller from a Southern league manager, who wants to dispose of his franchise to Paducah. This makes the second letter offering the sale of a Southern league franchise but Paducah will not go into the Southern league this season, it is positively stated by the members of the local association.

When Henderson dropped out the local management began looking about to get into the Southern league to have a soft place to light in case the Kitty went to the wall, and could have done so within a week. However, the management deemed it best to stick to the Kitty as long as she did not go to pieces, and this year will finish the season in the Kitty.

The local member of the association stated that if the Kitty had broken up Paducah would have experimented in the Southern league the remainder of the season, at any cost. As it is she will remain where she is. No plans are announced for next year and while many fans in Paducah would like to see Paducah in the Southern league, it does not seem probable Paducah will be in the Southern league for a few years, at least, as she could not make expenses. Most of the local fans would rather see Paducah remain in a league this size, than to break into one that is too big for us, and out of which we should get kicked as soon as it became evident to the other club managers that the Paducah patronage was not enough to justify her in being kept in the league.

INCREASED CIRCULATION
Provided For in Order Made by Secretary of Treasury.

Washington, July 28.—Secretary Shaw authorizes the statement that on and after Aug. 1, 1905, and until further notice Philippine land purchase 4 per cent. bonds (issue \$7,000,000) Philippine one-year certificates (amount outstanding \$3,000,000) Philippine public works and improvement bonds (issue \$2,500,000); and City of Manila sewer and water works bonds (issue \$1,000,000) will be accepted as security for existing deposits of public money in national banks in substitution for United States bonds now held as security for such deposits on condition that the government bonds thus released be immediately used as a basis for additional bank note circulation.

This additional circulation need not necessarily be taken out by the particular bank whose bonds are thus released, but they can be used for an increase of circulation in any existing banks, the purpose being to stimulate an increase of circulation preparatory to the crop moving period.

VACATION.

For Your Summer Outing

Allow us to suggest Colorado and Utah, famous the world over for their cool and invigorating climate, magnificent mountain scenery and picturesque summer resorts, which are located along the line of the Denver and Rio Grande, "The Scenic Line of the World." Very low excursion rates and "Circle" tour tickets are on sale during the summer months via these lines to all the principal points of interest. The Denver and Rio Grande, with its numerous branches penetrating the great states of Colorado and Utah have some forty different "Circle" tours through the Rocky mountains, one of which in particular is the famous 1,000-mile tour for \$28.00, which comprises more noted scenery than any similar trip in the world, passing the following points of interest: La Veta Pass, Poncha Pass, Toltec Gorge, Indian reservations, Durango, Mancos Canon, Rico, Lizard Head Pass, Las Animas Canon, Silverton, Ouray, Cimarron Canon, Black Canon of the Gunnison, Marshall Pass and the Royal Gorge. This trip can be comfortably made in five days, but at least ten days should be devoted to it, so that one may view at leisure the principal sights. Tickets at very low rates are also on sale at Salt Lake City, Utah. If you contemplate a trip through Colorado or Utah, let us send you some beautifully illustrated booklets free.

THE NORTH SIDE

Is Now Being Visited By Thieves.

Burglars have begun operation on the north side since the police got so vigilant on the south side, and one robbery is reported on Trimble St. Mr. R. E. Boaz, of 1409 Trimble street, reported to the police that his house was entered last night and some clothing taken. Evidently this is not the same set of thieves who have been working on the south side, however, for those on the south side wanted money and left clothes, watches and other valuables by which they might be identified.

RAILROAD NOTES

SUPT. EGAN AND OTHER OFFICIALS HERE TODAY.

Inspector of Weights in the City—Traveling Engineer is Still Disabled.

Mr. A. H. Egan, superintendent, and Mr. F. L. Thompson, roadmaster of the Louisville division of the I. C., were in the city this morning on business. Mr. Thompson left for Louisville on an inspection and Mr. Egan remained until noon. The division is running as smoothly as possible and business reported generally good.

Lineman John O'Bryan, of the Louisville division of the I. C., went to Tennessee river bridge this morning to put up a long distance telephone on the draw. This is the last item of improvement on the bridge, which is now being used regularly.

Mr. T. A. Downs, division agent of the Louisville division of the I. C., is in Paducah today on business.

Mr. E. A. Patterson, inspector of weights of the I. C. system, was in Paducah this morning inspecting weights.

The I. C. keeps its scales in the most perfect order possible, and there are sets of weights at each station used in testing and regulating the scales. These weights are inspected regularly once or twice a year. This is one of the principal duties of the weight inspector. The scale inspector comes after him regulating the scales.

Mr. Ed. Wheeler, foreman of the tin shops of the local I. C., has returned to work after a ten days' vacation.

Mr. Joe Green, of the I. C., wood-working department, who is ill at Hickory Grove of typhoid fever, is reported in a dying condition and his physicians say he can not last through the day.

Mr. B. J. Feeney, traveling engineer of the Louisville division of the I. C., yesterday left the I. C. hospital and has gone to his boarding house at Tenth and Broadway. He will probably be out in a few days now that his ankle is getting along so nicely. He turned the ankle several days ago and has been suffering from a sprain.

Conductor William Beadles, formerly of the I. C., but now running on a southern road, is visiting relatives in the city.

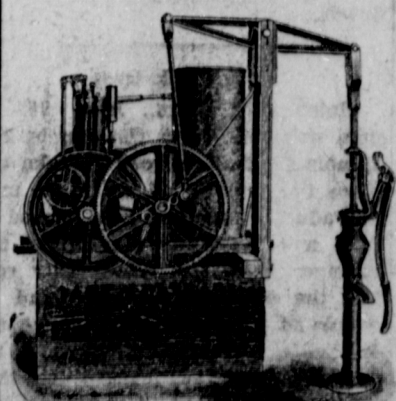

INSPECTING PARKS.

Officials Out Looking Over the I. C. Towns.

Smith's Grove, Ky., July 28.—George B. Moulder, who was recently appointed chief gardener of the Illinois Central railroad, left to make a trip of inspection of the parks over the entire system of that road. It is the intention of the Illinois Central people to improve the old parks and establish new ones along their lines. Mr. Moulder will visit New Orleans, St. Louis, Omaha, Chicago and other important places along the route. With him are Mr. D. Kinchloe, of this place, who was appointed L. and N. florist to succeed Mr. Moulder, and six other expert gardeners for the Illinois Central. The forestry and tree planting industry will be looked after, as well as the world-renowned beautiful parks of that great railroad system. Mr. Moulder's headquarters are in Central Station, Chicago, and he will shortly move his family from here to that city.
